

CLOTHING STANDARDS:

As a Christian photographer, I want to maintain a standard of modesty with my work, and therefore request that all clothing be modest.

Ladies, at least knee-length shorts, skirts and dresses, high necklines, and wide-strap tanktops.

Men, knee-length shorts and no tank tops.

The more skin that is covered is best.

If you bring any clothing to your session that I feel is not within my standards, I am not obliged as the photographer to take any pictures and will request you to change or reschedule your session. Contact me with any questions.

I am available for outfit consultation to help discuss and choose outfits that will make your pictures look the best they can! :)

*It is required that all clients text or e-mail me photos of outfits prior to their session.

SCHEDULING SESSIONS:

Sessions can be scheduled Monday-Saturday depending on my calendar.

Currently I am an outdoor photographer using natural light, therefore sessions are typically scheduled March-October.

The best time to have your session is 8:30 am, or 4 pm or after.

A mileage fee will be charged for travel to sessions more than 30 minutes.

Please give me at least a one week notice to cancel your reserved session time.

If we are unable to do your session because of inclement weather, illness, etc., we will reschedule if my calendar allows.

PREPARING FOR YOUR SESSION:

If you have a location already in mind for your session, or would like me to choose one it is your preference.

SESSION CANCELLATION:

Once a session date is booked for a client, that date is held unless the event of sickness, weather, or an unforeseen emergency arises. However if a date is held and the client wishes to not go through with the shoot for any other reason, they may do so as long as it is more than 2 weeks before their session date. If it is less than 2 weeks before their scheduled session time, a cancellation fee will be charged of \$50.00. This will be paid by the client to Hannah Elise within 3 weeks by cash, check or PayPal, as your booked session time denies her another job on that date.

If a client pre-pays their session fee in advance for any reason and the session does not happen due to sickness, weather, or an unforeseen emergency; Hannah Elise will reimburse the full session fee price to the client if they are not able to reschedule by the end of that current year. Pre-paid session fees do not carry over into the next year.

The booking fee is paid up front, it holds you a spot, and if the session would be cancelled for any reason that will be refunded in its' entirety.

AT THE SESSION:

At your session you will be asked to sign a release giving Hannah Elise permission to use any of your photos on her blog, facebook, or any other forms of online marketing or printed media.

Session fee is for up to 1-2 hours consecutively on the same date.

Tax, shipping + mileage if applicable will be added in addition to investment costs.

AFTER THE SESSION:

The images will be placed in an online gallery for client viewing
6-8 weeks after session date.

The client will then have up to 1 week to contact Hannah Elise if there are any requests regarding the images, and if there are none Hannah Elise will then e-mail the final invoice. Once Hannah Elise has received payment she will send you the digital download gallery.

IMAGE EDITS:

The client can request up to 5 images to be changed from black and white to color in their gallery.

If there are other edits the client requests, additional fees may be charged depending on the complexity of the edit(s).

Please allow an additional 2-3 weeks if complex edits are requested.

Shooting commences at the scheduled start time. If the client is late or extended family does not all arrive promptly, it may reduce the amount of time for photos and less images in the final online gallery.

If the shooting has commenced and the weather suddenly changes, or a child gets sick we will reschedule for the remainder of the session time within 1 month.

While Hannah Elise is shooting, she may request a parent or individual to step further back or move out of sight, so she can interact better with the subject being photographed and endeavor to capture genuine photos.

Hannah Elise may ask for sibling/parental involvement to help evoke natural smiles or laughter from a child or baby, but if she requests to be alone nearby with a child the client agrees to respect that.

Hannah Elise is not obligated to blog or post online every session she photographs.

Hannah Elise reserves the right as the photographer to determine with each client if they will be the best fit for each other, and if not will recommend other photographers in the area

who will best serve the client.

If a client orders prints through Hannah Elise, and they do not meet client satisfaction, Hannah Elise will only reprint one additional time.

When Hannah Elise is hired she is to be the sole photographer at the session, and no other individuals are allowed to take photos.

The final images in your online gallery are the best images that were taken at your session. Hannah Elise is not obligated to look back through all photographs taken for additional images if the client requests.
